	until 20 November 23.59h	from 21 November & Onsite
Participants:	475 €	550 €
Trainees:	330 €	390 €

21% VAT included

Registration includes:

Attendance to scientific sessions, documentation, certificate of attendance and coffee breaks.

Online registration:

www.cirurgiareconstructivacadema.com

Dear friend,

On behalf of The Organizing Committee we would like to warmly welcome you to the “**XXV INTERNATIONAL COURSE OF OSTEOARTICULAR RECONSTRUCTIVE SURGERY - HIP SURGERY**” organized by the Hip Unit (Orthopaedic & Traumatology Surgery Department) of La Paz University Hospital.

The current global situation due to the COVID-19 pandemic forced us to modify the dates and the conditions of the Course. Our priority has been to guarantee the safety of all the speakers and delegates. We have at our disposal an auditorium which will allow us to maintain a safe distance and we have implemented all the measures that the Health Authorities of our country have decreed so that we can carry out this course safely.

As in previous editions, we have tried to design a programme in which the most relevant topics of hip surgery are discussed by highly renowned International and Spanish speakers. We also recognise that it would not be complete without your participation in the scheduled discussions and debates.

We hope that you find the programme attractive and that it fulfills all your expectations.

Kind regards,

Ana Cruz Pardos

Enrique Gil Garay

Thursday, November 25th, 2021

- 09:00-09:10h **Course Presentation**
Dr. E. Gil Garay and Dra. A. Cruz Pardos
- 09:15-11:15h FIRST ROUND TABLE: GENERAL TOPICS**
Moderators: E. Gil Garay and P. Bizot
- 09:15-09:30h Direct anterior approach
J. Fernández Valencia
- 09:30-09:45h Posterolateral approach
P. Díaz Freire
- 09:45-10:00h Morbi-mortality in THA; do we operate more and more patients with more co-morbidities?
A. Cruz Pardos
- 10:00-10:15h Robotics in THA: is it useful in the preoperative planning of THA?
J. Howell
- 10:15-10:30h Which is the best implant in our patients? Data based on registers
E. García Rey
- 10:30-10:45h The role and long term results of hydroxyapatite in hip implants
L. Jacquot
- 10:45-11:15h Discussion
- 11:15-11:45h Coffee break
- 11:45-14:00h SECOND ROUND TABLE: FRICTION COUPLES IN THA**
Moderator: E. Gomez Barrena and M. Buttaro (ONLINE)
- 11:45-12:00h Evolution of the polyethylene in THA
E. García Rey
- 12:00-12:15h Results of Ceramic Trident couple: 15 years followup
R. Fernández
- 12:15-12:30h Ceramic bearings in THA: long term results and study of noises
L. Jacquot
- 12:30-12:45h Ceramic on ceramic in young patients
P. Bizot
- 12:45-13:00h Long- term results of oxinium-polyethylene couple
J. Fernández-Valencia
- 13:00-13:15h Update of cemented total hip arthroplasties in young patients
J. Howell
- 13:15-13:30h Cemented THA in young patients under the age of 50 years: long-term results
W. Rijnen (ONLINE)
- 13:30-14:00h Discussion

Thursday, November 25th, 2021

14:00-15:30h Break

15:30-17:30h THIRD ROUND TABLE: RESULTS OF THE PRIMARY TOTAL HIP ARTHROPLASTY - COMPLEX CASES

Moderator: E. García Rey and T. Gehrke

15:30-15:45h Uncemented primary total hip arthroplasty in adolescent patients
R. Fernández

15:45-16:00h Surgical strategies for the management of congenital hip disease
T. Karachalios

16:00-16:15h My experience of total hip arthroplasty in congenital hip disease
M. Buttaro (ONLINE)

16:15-16:30h Uncemented primary total hip arthroplasty in epiphyseal dysplasia
E. Gil Garay

16:30-16:45h Hip arthroplasty in femoral neck fractures
J.C. Rubio

16:45-17:00h Does Impaction Grafting Still Have a Place in Complex Hip Surgery
J. Howell

17:00-17:30h Discussion

17:30-18:15h 1st CLINICAL CASES DISCUSSION: PRIMARY THA

Moderator: R. Fernández and L. Jacquot

CASE 1. *E. Gil Garay*

CASE 2. *J. Cordero*

**18:15-18:35h CONFERENCE
CHANGES IN TOTAL HIP ARTHROPLASTY SURGICAL PRACTICE
OVER TIME. CLINICAL AND RADIOGRAPHIC RESULTS**

E. García Cimbreló

18:35h End of the Session

Friday, November 26th, 2021

09:00-11:00h FOURTH ROUND TABLE: ACETABULAR REVISION SURGERY

Moderator: A. Cruz Pardos and J. Howell

- 09:00-09:15h Revision hip surgery: how to expose and remove the implants
L. Jeys
- 09:15-09:30h Update of impaction bone grafting in revision surgery
W. Rijnen (ONLINE)
- 09:30-09:45h Impaction bone grafting in acetabular revision surgery
E. García Rey
- 09:45-10:00h Can trabecular metal solve the problems of acetabular reconstruction?
L. Jeys
- 10:00-10:15h Current indications of Kerboull rings in acetabular revision surgery
P. Bizot
- 10:15-10:30h Pelvic discontinuity and large acetabular defects
T. Gehrke
- 10:30-11:00h Discussion
- 11:00-11:30h Coffee break

**11:30-13:15h FIFTH ROUND TABLE: FEMORAL REVISION SURGERY
AND PERIPROSTHETIC FRACTURES**

Moderator: R. Fernández and W. Rijnen (ONLINE)

- 11:30-11:45h Stem revisions, data from the Swedish Hip Arthroplasty Register
M. Mohaddes
- 11:45-12:00h Limits and indications of cement on cement technique
J. Howell
- 12:00-12:15h Complex femoral reconstructions in revision surgery
M. Buttaro (ONLINE)
- 12:15-12:30h B1 versus B2 femoral periprosthetic fractures. A modern approach.
T. Karachalios
- 12:30-12:45h Have current implants improved the results of periprosthetic fractures?
L. Jeys
- 12:45-13:15h Discussion

13:15-14:15h 2nd CLINICAL CASES DISCUSSION: REVISION SURGERY

Moderator: E. Gil Garay and L. Jeys

CASE 1. *M. Buttaro (ONLINE)*

CASE 2. *W. Rijnen (ONLINE)*

- 14:15-15:30h Break

Friday, November 26th, 2021

**15:30-17:45h SIXTH ROUND TABLE: COMPLICATIONS IN THA:
DISLOCATION AND INFECTION**

Moderators: D. Hernández Vaquero and T. Karachalios

15:30-15:45h The role of spinopelvic balance in THA

J. Pizones

15:45-16:00h How to avoid the instability and dislocation of THA

P. Díaz Freire

16:00-16:15h Dual Mobility Cups in revision hip arthroplasty

M. Mohaddes

16:15-16:30h Current consensus of hip arthroplasty Infections

J. Cordero

16:30-16:45h Epidemiology of total hip arthroplasty infection in our environment.

The role of antibiotics

A. Rico

16:45-17:00h One-stage revision surgery; is it currently the "gold standard"?

T. Gehrke

17:00-17:15h Results of two-stage revision surgery: mechanical and septic complications

A. Cruz Pardos

17:15-17:45h Discussion

17:45-18:30h 3RD CLINICAL CASES DISCUSSION: COMPLICATIONS IN THA

Moderators: M. Mohaddes and J. Cordero

CASE 1. *A. Cruz Pardos*

CASE 2. *T. Karachalios*

18:30-18:40h Closure

Dr. E. Gil Garay and Dra. A. Cruz Pardos
